PREFACE

The Annual Report 2020-21 of "**WEE BILL**" constitutes a brief narration about the activities undertaken by the society during the fiscal year 2020-21. The report enumerates in it the sincere and effective attempts made by **WEE BILL** over the year to carry on with a number of its objectives embodied in the bye-laws. The report also expresses the extent of trust of the organization for the all-round development of the rural mass, the down trodden and the neglected sections of the society through a series of initiatives.

A healthy mind in a healthy body is more desirable than anything else in life. "**WEE BILL**" has taken much care to improve health and sanitation through adequate awareness.

I express my sincere thanks to the resource person and experts for sharing their views and experiences in various programmes conducted by "**WEE BILL**". I also accord my heartfelt gratitude to the development agencies, govt. officials and well wishers for the co-operation and support they have extended in materializing our objectives.

WEE BILL

WEE BILL

Background

WEE BILL is a not-for profit organization that has been working since 2021 with the elementary education system in urban, semi urban and rural areas. The Society began by implementing various programmes to improve educational quality across the country. By 2021 however it became clear that working on a "project" mode was inadequate and it takes continuous effort over many decades for any deep-rooted change to happen. This can only be achieved by establishing "institutions" which are embedded in the local context and can collaborate with local government structures. Thus, the idea of setting up Institutes in field locations came into being. At WEE BILL, our vision is to build an inclusive India by pioneering a holistic model to address our nation's multifaceted development challenges, and contribute to its collective aspirations. Central to our philosophy is the commitment to enhance the quality of life of people from marginalized and vulnerable communities, by empowering them and catalyzing change through innovative and sustainable solutions. Our steadfast endeavor is to create replicable and scalable models of development through an integrated approach in the true WEE BILL spirit of maximizing societal value for all, and making it a movement."

WEE BILL is a NGO with over two decades of uncompromising dedication to rehabilitation and mainstreaming of substance-abusing street children and homeless youth. It is one of the very few organizations in India offering rehabilitation programs for drug-using street children/ Youth.

OUR ORGANIZATIONAL CHART

ACTIVITY REPORT **2020-2021**

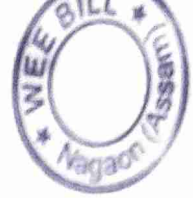

HEALTH AWARENESS CAMPS

WEE BILL is working for providing awareness & services for the basic Health Care to the deprived & needy people in it's working areas. Health awareness is one of the activities which organization conducts since its establishment.

Rural Healthcare is one of the biggest challenges that India is facing today. High mortality rates are subjected to poor health care facilities in the rural areas of India. The poorly established houses experience lack of proper supply of water and electricity. They manage to get a little water from far away distant places in order to proceed with their daily activities. Apart from this, their situation is vulnerable because of lack of education and public health awareness. The key challenges in the health care domain are poor accountability, low-quality care, lack of health awareness and limited access to health facilities. As a result, majority of people in India, turn to local private health sector as their first choice of care. Local private health care is expensive and unregulated sometimes.

Specialized health camps are organized for Eye care, TB, Malaria, Anemia, Dengue, and Diarrhea, Worm infestation, Skin infections Land STD/HIV diseases. We have conducted number of camps in various villages of Nagaon district, Assam. We have given hygiene awareness to the poor and illiterate people of these areas. We organize medical camps with the help of reputed doctors to provide free consultation, free medicines and free tests. Around 15 camps have been organized so far in this year and almost 2500 beneficiaries have been covered. **WEE BILL** organized **Eye-Checkup camp** for women, child,

Michael Dey
Secretary
WEE BILL

man every one. It was organized for 3 days and all were getting eye checkup with free of charges.

Our organization has covered almost 1800 people in districts of Assam and surrounding area. Our organization has decided to cover more people in its next station. During the year 2020-21 **WE BIL** has organized 85 camps in rural areas of Nagaon District which has been perfectly followed by our specialist doctors, different stalls were there with different specialization doctors, i.e General Medicine, gynecologist, Dermatologist, ENT, Dentist. Many of the patients were given free medicines and some with major problem were recommended nearby hospitals.

This year we have covered almost 6500 -7,000 beneficiaries.

AIDS AWARENESS CAMPS

OUR organization has organized HIV/AIDS awareness camps. We provide information for taking precaution from HIV/AIDS among truckers, Commercial Sex -workers and say about safe sexual methods. We also distributed leaf-lets and organized songs & drama based on HIV / AIDS. We have organized several AIDS awareness camps in districts of Nagaon and nearby areas etc. The main objective of the project is to sensitize the public as well as the transmission and dissemination and to cure STDs by promoting safe sexual behavior, better and timely treatment through different STDs clinic and regular awareness and life skill training programs throughout the year. In This camps brouchers, phamlets, leaflets and study materials were distributed both in English and Hindi, door to door campaigning is done by our volunteers and making people aware.

Around 30 AIDS Awareness camps were organized in which more than 4000 people participated in 2021-21.

WOMEN EMPOWERMENT

Mohamed Ali
Secretary
WE BIL

The program envisages one year's consistent efforts and one to one contact with the women living in rural areas through various platforms created for the purpose of the omen **Self Help Groups and Mahila Panchayatas**. The program envisages for support and Counseling so that they are given oral and educational support and times of distress and to fight against their exploitation. In the year 2020-21 we have organized many women empowerment program of short interval with respect to women interest just like **Teach English Language to young Women, Education literacy Awareness, Women Health Awareness, Income generating skills training, Personality development, Awareness Raising Activities, Community Meetings with Housewives etc.** with this we have achieved to cover more than 16,000 women as a beneficiary from different parts of Nagaon this year.

WEE BILL has long-term strategy for the empowerment of poor women through increased access to and control over material and resources and confidence building to raise issues of common concern.

VOCATIONAL TRAINING

M. Chandan Singh
Secretary
WEE BILL

Cutting Tailoring Training:

WEE BILL has been running Cutting Tailoring Training for young women and adolescents. There are centre are being run in which 200- 250 trainees are getting training every year. Organization has very efficient and qualified vocational instructors who are giving training to the beneficiaries. Vocational Training for women are being organized to make them self reliant through initiating their own small business.

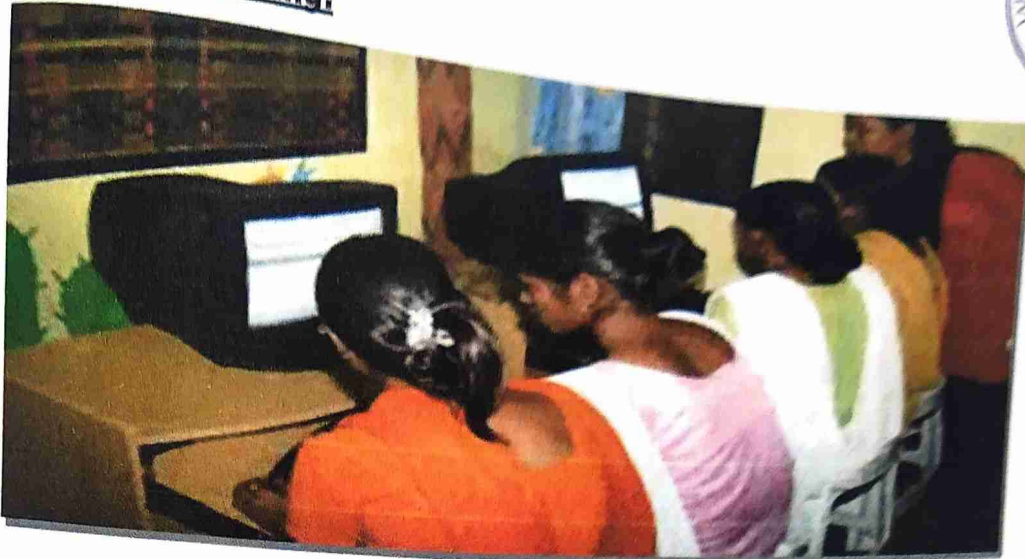

For this skill development of the beneficiaries is very important and necessary. If a woman is financially independent, she can look after the wellbeing of her entire family. Keeping this though in the mind, vocational training for women was started by the organization. Gradually vocational training run by ngo has started receiving good and warm response from the beneficiaries' side. Now a day it is a successful and self sustain programme of the organization. We are receiving good response from the community as there are many women who are interested in developing their skills through cutting and tailoring. In year 2020-21 we have covered almost 300 women as beneficiaries from which few of them have started their own small work.

Beautician Training Program:

The society is conducting this course of beautician for unemployed needy women, housewives, poor girls etc. in the villages of NAGAON district, Assam and young generation should be awarded about the present scenario of present modern world and by this unemployed youth should be able to get their livelihood. This is a certificate course, in this course around 40-50 students are trained every year in beauty culture & personal grooming. Near about 600 students get trained from this trade. After completion of the course the trainee is capable of running her own parlour, can become a beauty instructor or can work as a beauty professional in any other parlor. Another vocation which combines flexibility with income and provides for a balance of home and profession. Students are imparted training in various types of facials, hair styling, hair cutting, pedicure, manicure, waxing etc. Advance methods of hair and skin-care are also taught, students learn everything like draping the sari in various styles, applying mehendi, nail-art etc. Latest methods of hair spa & body spa are also taught to the trainees. Students of this trade participate in bridal shows. All students perform makeup show of different states of India. Students are awarded by the authority according to their performance. After one year's training trainees, become a complete beauty expert.

Computer Training:

Computer is the necessity of present time. This is the age of computer and Information Technology. If a youth is computer literate, She/he can get a job very easily. Keeping the importance of computer education in mind, WEE BILL has initiated computer education programme for young boys and girls. In the year 2020-21 we have covered around 250 beneficiaries in our running center. Some of them has also been placed in good jobs.

EDUCATION PROGRAMME

Education is one of the important components, which is being focused by the organization. **WEE BILL** works among children & youth for providing them basic education on low cost or free of cost. **NGO** has also distributed the educational materials such as free books, stationery, notebooks to spread education and literacy between the poor children. This year also we have given many underprivileged children studies materials and initiated a step towards starting a school for pre-primary classes. We are sponsoring education of Pre-Primary & Primary children. This year we sponsored education of around 250 children.

CULTURAL DEVELOPMENT

WEE BILL works to promote high value of humanity, brotherhood, peace and harmony among people through cultural development activities. It works to create an environment of communal harmony and national integration in its working areas. In this context several activities like Kavi-Sammelan, Mushayara, Independence Day Celebration, Republic Day Celebration, Cultural Shows in Evening, Performance of Folk Music and Dance, Holi Milan Samaroh, Id Milan Samaroh, Stage and Street Plays, Kawwali and **WEE BILL** Annual Day Celebration are being organized in the working areas. Sometimes organization organizes cultural program to promote peace messages. Organization also organizes cultural events among children and adolescents to make them understand the diversity in culture in the country. We conduct awareness talks among students on the relevance and significance of different festivals of all religions. It creates a harmonious atmosphere among students as start knowing the importance and significance of the religions, which he/she does not belong. NGO has organized these programs with the help of our volunteers and community people.

Awareness Programme

Consumer's Rights Awareness Programme:

Awareness on consumer rights is another activity which found very effective in making people aware in the target area. Community worker organized consumer awareness activities through various methods like through street meeting, plays and *nukkad sabha*.

Legal Awareness Program

The Legal Awareness Campaign was aimed to address women issues and concerns vis-à-vis the existing legal frame work and the protection guaranteed to women in general and socially and economically vulnerable women in particular.

Women Right Awareness

As part of women empowerment programme, **WEE BILL** organized Women Rights Awareness Camps in it's working areas. It also observes International day for women on 8th March every year. Following legal awareness issue are being covered under Women Rights Awareness Programme;

Family laws; women should know their rights as wife and daughter-in-law.

Marriage laws; Matrimonial Remedies breach of marital trust by way of adultery, dowry, bride price, divorce, domestic violence and brutality.

Criminal Laws; women should be aware of their rights in sexual abuse or molestation, girl -trafficking and prostitution due to inevitable circumstances.

We have covered many villages of Nagaon district with women Right Awareness Camps. In which we have received good participation of women around 100-200 in each camp.

Environment Awareness camps

W. Anil Bisoi
Secretary
WEE BILL

WEE BILL organizes plantation campaign in rural areas every year. This is being organized to make empty lands green. Villagers and volunteers of **WEE BILL** lead jointly the plantation campaign. Almost every year this drive is being organized 4-5 times in the working areas in which we successfully plant around 30-40 plants with help of our volunteers.

In these camps awareness is spread regarding preserving our planet's natural resources and promoting a healthy environment. Teaching are given on saving the environment – sorting your rubbish, saying no to plastic bags, not to buy over packed goods, how to keep our surroundings clean, clean ponds, clean schools. Pamphlets are distributed with written articles on our environment. Banners are kept by slogans written on it. Environmental drives are conducted with slogans in hands, THINK GREEN SAVE WATER, GO GREEN etc. With this we have received a good outcome as people has started keeping their surrounding clean and started planting trees.

This year in 2020-21 we have organized 30-40 environment camps in nearby villages of Nagaoon.

CHILD DEVELOPMENT PROGRAMMES

WEE BILL also organized child development programs to ensure that children get protection against neglect, abuse and exploitation, the department has taken up programs and schemes to guarantee the basic human rights including survival, development and full participation in social, cultural, educational and other endeavors for their individual growth and wellbeing.

Children below 6 years constitute 17% of the total population of India i.e. about 17cr. As compared to other developed countries, infant mortality rate in our country is very high. At the beginning of 1980s, 120 out of every 1000 newly born children were dying even before completing one year. Even after 50 years of independence, more than 40% of the Indian population live below poverty line. Ignorance and illiteracy are still rampant among the rural people. Severe malnutrition on account of acute poverty which gives room for low-resistance and the consequential early childhood diseases are the main causes for this alarming situation. The emphasis on child development has been on improving the quality of services meant for women and children.

THANK YOU.

Manoj K. S.
Secretary
WEE BILL
